DECLARATION

Commissioner for Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

I, Johnson A. Asumadu, am over the age of twenty-one years and if called to testify would be fully competent to testify as to the following:

1. All statements made herein are based on personal knowledge;
2. I am the same, Johnson A. Asumadu, who is a co-inventor of the above-identified patent being reissued by the above-identified reissue application, and the same person who has already filed several Declarations under 37 CFR 1.131 in an attempt to antedate the cited Sokal document (U.S. Patent 5,953,504) having a filing date of 10 October 1995, being applied as prior art against my claims;
3. That I am aware of the decision of the Board of Patent Appeals and Interferences dated November 6, 2008, (hereinafter the "Board decision") in connection with the above-identified application reaffirming my understanding of an effective Rule 131 Declaration, "We [the Board] agree that a day-to-day summary is not required", Board decision, Page

24, lines 13-14; and that reasonable diligence can be shown without a showing of daily activity, "Only reasonable diligence is required", Board decision, Page 24, lines 24-26,

4. Moreover, although applicants had previously been advised that diligence had been proved for the time period of March 20, 1996 until September 18, 1996 (the filing of the application which matured into the patent being reissued), See, for example, Page 10, paragraph 15 of the Office action of January 11, 2006, the Board decision requested evidence supporting the examiner's finding, Board decision, Paragraph bridging Pages 23-24.
5. Accordingly, I supplement my previous Declarations as follows:
6. I provided the following summary of my activities from Friday March 22, 1996 through Wednesday, September 18, 1996 as follows:
